

Inside AUTISM TRAINING FOR PROFESSIONALS

6.75 hours of
evidence-based
online training

Neuro-affirming
training teaching a
child-centred
approach

For Educators, Support Workers &
Allied Health Professionals

Every child deserves to know the feeling of safety.

Learn critical skills to proactively
support young Autistic people in
your care.

**Designed for carers of preschoolers
to young adults.** All behaviour is
communication. We help you to
understand the thinking behind the
behaviour and neuro-affirming
strategies to support their growth.

Easy to understand &
engaging video content

14 modules teaching
insight & strategy

Key slide downloads and
worksheets

3-month access & PD
Certificate of Completion

"As an Integration Aide in a high school, I have attended so much online learning ...

The way you presented the content in a no-nonsense way made it so very easy to understand.

You gave me so much more to work with!"

Insights & Strategies for:

Carer Awareness/Well-being
Being Neuro-affirming
